

Passante railway Certosa/Bovisa FNM-Lancetti - P.ta Vittoria –Lambro/Rogoredo junction

The project consists of building a new line running West-East, underground, between Milan Certosa/Bovisa FNM and Milan Porta Vittoria stations, linked with Milan-Venice (Lambro junction branch) and Milan - Bologna- Genoa (Rogoredo branch) lines. The work includes building the following stops: Villapizzone, Lancetti (where it is joined by the dual-track FNME line from Bovisa station), Porta Garibaldi, Repubblica, Milan Porta Venezia, Porta Vittoria, Dateo.
